RUSTIC STACKABLE FRUIT & VEGGIE CRATE

MATERIALS (FOR 1 CRATE):
(1) 1 x 2 x 6 Ft. Board
(4) 48-inch Lath Boards
1 ¼ inch Brad Nails
⅜ inch Brad Nails
Wood Glue

CUT LIST:
(4) Lath @ 15 7/8 inches (long sides)
(4) Lath @ 8 inches (short sides)
(4) 1 x 2 @ 6 ½ inches (legs)
(7) Lath @ 8 inches (slats)
(2) 1 x 2 @ 13 ¾ inches (support rails)

TOOLS:
Tape Measure
Pencil
Circular Saw
Brad Nailer or Hammer
Safety Glasses
Hearing Protection
Step 1:
Measure and mark 2 inches from the top of the legs. Attach the support rails to the legs with 1 ¼ inch brad nails and wood glue.
**Step 2:**
Measure and cut the short sides to length. Attach short sides to legs with ¾ inch brad nails and wood glue. Be sure to leave a slight overhang on the top so that the crate will be stackable. Space the slats approximately ¼ inches apart.
Step 3:
Measure and cut long sides to length. Attach to the legs with ¾ inch brad nails and wood glue. Space slats approximately ¼ inches apart with a slight overhang on the top.
**Step 4:**
Measure and cut the slats to length. Space them evenly along the bottom of the crate. Attach with wood glue and ¾ inch brad nails.

Sand, paint or stain, and finish as desired.
